AUSTRALIAN DESIGNED

ZIPPY-SCAFF

ALUMINIUM

Quality mobile working platform designed for Commercial and DIY use.

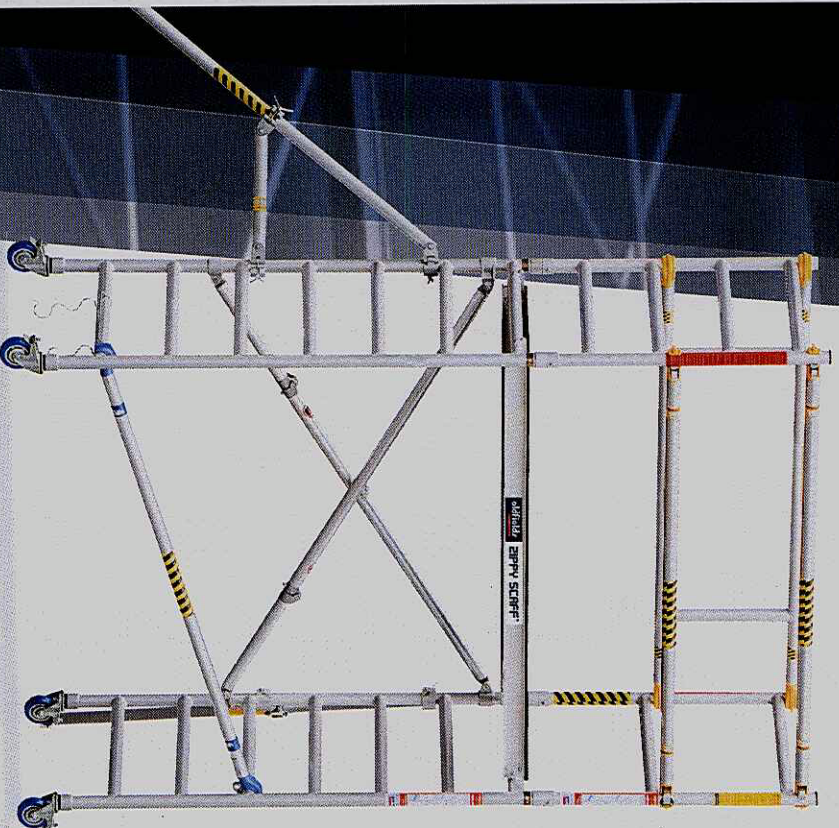

ZippyScaff foldable aluminium scaffold is an extremely versatile folding scaffold built with different trades in mind – including decorators, electricians, insulation contractors, plasterers and signwriters. Movement is easy – when folded up it can be wheeled through a standard doorway. Ready for use in seconds, it can also act as a trolley for moving equipment around the home, office, factory or work site. Alternate working heights can easily be achieved in seconds by adjusting the working platform.

FEATURES
