

RUBBISH CHUTES

MADE FROM TOUGH DURABLE PLASTIC

- **LIGHTWEIGHT** - Unlike some rubbish chutes, which, being made from inferior material can weigh over 15kg each, our sections weigh only 8kg.
- **STACKS EASILY** - AKM Rubbish Chute sections are 1100mm high and taper from 500mm to 400mm. This ensures flexibility and easy stacking - valuable space is saved.
- **EASILY ERECTED** - Either by hand or purpose designed winch systems our range of rubbish chutes are ready for a quick setup.
