Heavy Duty Chain Strainer.

Product Code 75124

The Cyclone Heavy Duty strainer is specifically created & made for the Australian Farmer, and designed to be used in the harsh Australian Environment. It can be used for effective straining of all types of wire. Either at the post or any point along the fence line. For extra versatility the Cylone HD strainer comes with an extra long chain and hook.

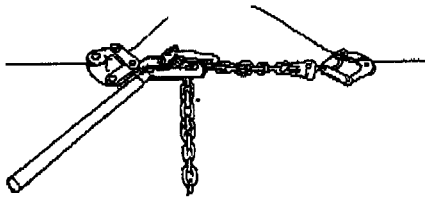

Figure 1. Joining wire in the middle of a strain.
